

SILKJET PLASTICS LIMITED

12-18 Lewisher Rd, Leicester, LE4 9LR England

QUALITY POLICY STATEMENT

Silkjet Group Ltd is committed to the manufacture and supply of high-quality injection moulded plastics and assemblies to a challenging, cost-sensitive and time conscious marketplace.

To operate effectively in a demanding market whilst maintaining high quality product requires an effective Quality Management System and team. To assist with this, we employ an ISO9001:2008 quality system certified by BSI.

To deliver these high standards we commit to the following:

- *Understanding our customers' needs and expectations*
- *Delivering high quality product*
- *Providing cost-effective solutions*
- *Being responsive and flexible to our customers*
- *Working closely with our partners to improve business effectiveness*
- *Minimising our impact on the environment and promoting sustainability and good environmental practices*
- *Creating a safe working environment for all our staff*
- *Training our staff*
- *Continually improving our quality management system through monitoring and measurement*
- *Setting measurable Quality Objectives and continually reviewing these for effectiveness*
- *Communicating our Quality Policy and Quality Objectives to all staff*
- *Complying with our statutory and regulatory obligations*

This is achieved with the participation, co-operation and commitment of all people within Silkjet Group Ltd.

Signed:

Glen Wells, Managing Director
